CAUTION:

Oertain parties in this city, possessing no shop right to use and apply
use and apply
are endeavering to deceive the public by displaying a piece of India rubber, peculiar in shape, and which they allege to be a portion of the genuine rubber cushioned axis.

Many persons not familiar with the genuine article may be deceived by this so-called rubber cushion which, if they will lovestigate, will find to be the true representation of a patented invention found wanting when put to the test of practical use, and which exploded years ago.

The genuine Rubber Cushioned Axis, involving true principles of mechanism, has stood the test of years, and is a demonstrated success with the leading carriage bulliers of the world.
